STANDARD EQUIPMENT MOTOR HOME

Water and gas

Water tank that contains 100 litres. Water is pumped by an electric water pump.

Grey water tank holds 100 litres.

Normally 2 large LPG/gas cylinders.

Outside

Sunshade and bike racks.

Electrical socket for 220-volt usage with fuse box and grounding fuse.

Miscellaneous

Garage Spaces reachable from the outside, with:

Electric cables (approved for outdoor use).

Adapter EU camping standard contact to regular 220 Swedish standard

Outdoor furniture (1 table and 1 chair / person).

There are plenty of lockers inside the motorhome, including a spacious closet. In the cupboards you will find a small broom with shovel, a bucket with sponge cloths, dishwashing brush, detergent, soap and sanitary WC liquid.

Tip!

Keep in mind that it can be difficult to fit hard suitcases in the storage spaces.
